Effective Solutions for Waste Issues

World Leading Shows on Waste Management & Recycling
 IFAT (Germany), N-EXPO (Japan), RWM (United Kingdom),
 IE-EXPO (China), POLLUTEC (France).....

What's the representative show on waste management & recycling in KOREA ?

THE PER CAPITA
 GDP \$ 40,000

51.5 million

South Korea's meteoric rise to become one of the leading Asian economies and its rapid progression trends to be a well-kept secret only known to those who have experienced firsthand the drive and energy of the country. Contiguity with China, low import tariff and Free Trade Agreement (FTA) with a mature legal and commercial infrastructure make Korea an easy and safe place to do business.

Worldwide Show Partners
