Turkmenbashi refinery announces international tender implementation of automated oil accounting system

31.03.2022 - 12:36

The Turkmenbashi Complex of Oil Refineries, on behalf of the commission for the competitive (tender) selection of suppliers (contractors) of goods, works and services for the oil and gas complex of Turkmenistan, announces an international tender for the development, design and implementation of a full range of works to create an automated system for accounting of oil and oil products at the TCOR with a single data collection, processing and transmission system (SCADA)

Parties are invited to the Foreign Economic Relations Department of Turkmenbashi Oil Refineries Complex:

to submit a written application form for participation in the tender, indicating the full name of the participant, its legal status, country of registration, details and contact phone numbers;

get acquainted with the Rules of the tender for the selection of contractors for the oil and gas complex of Turkmenistan;

to obtain the technical specifications;

receive a package of tender documents by paying 1725 US dollars.

The account for the transfer of funds will be specified while submitting a written application.

Tender proposals are accepted within 60 business days from the date of publication of the announcement until 12.00 local time.

Packages with tender proposals must be delivered to the specified address from the date of publication of the announcement and are accepted for consideration after receipt of funds to the account.

Tender proposal in sealed two envelopes. The first envelope should contain technical specifications, the second envelope should contain the commercial offer with calculations and justification of the proposed cost of goods.
