The Sultanate of Oman is considered as one of the fastest-growing countries in terms of infrastructure development. Oman has become a sought-after destination for investment, buoyed by its dynamic construction market that is expected to witness a 6% CAGR between 2019 and 2024. Project Oman, the International Construction Technology, Infrastructure and Building Materials Exhibition, is held from 24 – 26 October 2022, at the Oman Convention and Exhibition Centre. The trade fair underlines investment opportunities in Oman and optimizes international trade relations and business partnerships.
