FOREWORD

The calendar of fairs, exhibitions, and promotional events in Côte d'Ivoire is an official publication of the Ministry in charge of Commerce. It presents a wide selection of events from a large number of sectors that together highlight the economy of Côte d'Ivoire.

The development of this calendar is included in decree No. 2018-546 of June 6, 2018, defining and organizing promotional events of a commercial, industrial, and artisanal nature in Côte d'Ivoire.

This text, which repeals decree No. 95-387 of April 13, 1995, establishes the framework for the increasingly dynamic sector of promotional events in Côte d'Ivoire in recent years.

The design of this document allows for better planning of the organization of promotional events and thus better promotes the destination Côte d'Ivoire.

The electronic and printed version of the calendar is distributed to all organizers of promotional events, businesses, municipalities, chambers of commerce, public and private structures, consulates, embassies, and anyone interested in the sector.

Outside of Côte d'Ivoire, the calendar is distributed to Foreign Ministers around the world. It serves as a national reference document for the Ivorian Government, which promotes it during institutional trips to structures in other countries.

The electronic version is available on the website of the Ministry of Commerce and Industry (www.commerce.gouv.ci) and on the official portal of the Government of Côte d'Ivoire (www.gouv.ci) for free consultation.

A portrait of H.E.M.R. Alassane Ouattara, President of the Republic of Côte d'Ivoire. He is shown from the chest up, wearing a dark blue suit, a white shirt, and a blue patterned tie. He has a slight smile and is looking directly at the camera. To his right, the flag of Côte d'Ivoire is visible, featuring vertical stripes of orange, white, and green. The background is a solid, warm brown color.

H.E.M.R Alassane Ouattara

President of the Republic of Côte d'Ivoire

MINISTER'S WORD

The annual calendar of fairs, exhibitions, and shows, now in its 7th edition, has become an essential tool for the promotional events sector given the growing enthusiasm it generates, and I am pleased about it!

This 2025 edition of the calendar, like the two previous ones, developed in a context of economic recovery in Côte d'Ivoire, heralds good prospects in terms of planned events and achievement rates. The 2024 edition recorded 158 events with an achievement rate of 64.7%. In 2025, 225 events are listed. Indeed, the Ivorian economy has managed to maintain a resilient trajectory in the face of global and regional disruptions, showing an average real GDP growth of 6.5% between 2021 and 2023.

This performance stems from the development planning dynamics of Côte d'Ivoire, initiated since 2012 by the Ivorian Government under the leadership of President Alassane OUATTARA.

Three successive National Development Plans (PND) have been developed for the periods 2012–2015, 2016–2020, and 2021–2025, and the evaluation of the implementation of these PNDs shows overall satisfactory results:

- ° **Average growth rate of 8% over the period 2012–2019, 0.7% in 2020, and 6.6% over the period 2021–2023, highlighting a form of resilience to external shocks ;**

- ° **Net reduction in poverty and improvement in access to basic social services ;**

- ° **Improvement in the share of the secondary sector, rising from 17% in 2011 to 24.5% in 2023, marking the beginning of structural transformation of the economy ;**

- ° **The investment rate increased from 14.1% in 2011 to 25.5% of GDP in 2023.**

The prominence of the Ivorian economy, one of the most dynamic in ECOWAS, has further asserted itself in recent years with the organization at the Abidjan exhibition park of international-scale events such as SARA, MIVA, FOMCI, ARCHIBAT, SIREXE, SICA, SILA.....

President Alassane Ouattara, as an enlightened leader aware of the impact of these events, has equipped Côte d'Ivoire with this exhibition park, the largest in French-speaking sub-Saharan Africa, with a capacity of 12,000 peoples.

The calendar of fairs, exhibitions, and shows thus serves as a compass for planning events within this event facility and other spaces.

I therefore encourage all operators in the sector to comply with the regulations in force by obtaining authorization to organize a commercial event in Côte d'Ivoire for the purpose of registering these events in the said calendar.

This document provides a panoramic view, by month and by sector, of the events planned in Ivorian territory in 2025. It allows companies at the national level to contact potential clients and interact with their suppliers, representatives, and distributors. Internationally, this reference document enables foreign investors to better plan their participation in events in Côte d'Ivoire.

I therefore urge economic operators to take ownership of it and seek additional information on the events listed on websites and from promoters.

I wish everyone great business to support Côte d'Ivoire in its economic and social transformation.

Souleymane Diarrassouba

Minister of Commerce and Industry
