9th International Mining, Equipment, Minerals & Metals Exhibition

Tuesday 26th - Friday 29th October 2021 | EcoPark, Rajarhat, Kolkata, India

Concurrent to 9th Asian Mining Congress

www.miningexpindia.com

Industry Overview

- The Mining industry in India is one of the core industries of the economy. It provides basic raw materials to many important industries.
- The Mining industry is characterized by a large number of small operational mines.
- India is endowed with huge resources of many metallic and non-metallic minerals. India is home to 1,531 operating mines and produces 95 minerals, which includes 4 fuels, 10 metallic, 23 non-metallic, 3 atomic and 55 minor minerals (including building and other materials).
- The number of mines which reported mineral production (excluding atomic, fuel and minor minerals) in India stood at 1405 in 2018-19 as compared to 1430 in 2017-18.
- Based on the geological mapping of the country, an area of 571,000 sq. km, out of a total of 3.1 mn sq. km. has been demarcated as Obvious Geological Potential (OGP) area, where the geological potential for the occurrence of mineral deposits is higher.

Reasons to Invest in India

- RECENTLY - India opens commercial coal mining, with revenue share arrangement, to boost the fuel's production in the country
- Mineral concessions (Mining Lease & Prospecting Licence cum Mining Lease) grant to be granted through auctions for the companies interested in mining or for the raw material for their downstream industry.
- An Inter-Ministerial Group facilitator constituted for expediting the clearances and approvals process.
- Exploration companies can venture into the revenue share model, being formulated for the exploration of blocks identified by the Geological Survey of India. This has been enabled by the National Mineral Exploration policy, 2016 announced in July 2016. Around 100 blocks have already been identified by GSI for auction.
- With the launch of the National Mineral Policy 2019, India presents a major opportunity for investors.
- India has large reserves of Iron ore, Bauxite, Chromium, Manganese ore, Baryte, Rare earth and Mineral salts.
- India has vast mineral potential with mining leases granted for longer and stable tenure of 50 years.
- The demand for various metals and minerals will grow substantially over the next 15 years.
- India's strategic location enables convenient exports.

Growth Drivers

- The rise in infrastructure development and automotive production is driving the growth of the metals and mining industry in India.
- The growth in the mining industry in terms of production of minerals has significantly improved in comparison to recent past. It is pertinent to recall that the industry recorded a negative growth of 0.6% for two consecutive years (2011-12 and 2012-13).
- The total value of mineral production (excluding atomic & fuel minerals) during 2018-19 has been estimated at \$16.53 bn which shows an increase of about 10.11% over that of the previous year. The states that have witnessed an increase in the value of mineral production are:

o	Karnataka	–	30.66%
o	Chhattisgarh	-	29.98%
o	Rajasthan	–	25.61%
o	Goa	–	23.46%
o	Odisha	–	21.98%
o	Madhya Pradesh	-	17.34%
o	Maharashtra	-	2.07%
o	Jammu and Kashmir	–	1.35%

- The value of metallic minerals increased by 26.86% in 2017-18.
- During 2017-18 (excluding atomic, fuel, and minor minerals), the private sector emerged to play a dominant role in mineral production accounting for 67.33% or \$5.26 bn crore in the total value.
- There has been a notable turn around ever since the government has taken initiative for policy reforms.
- Minerals like manganese, lead, copper, alumina are expected to witness double-digit growth in the years ahead. There is a significant scope for new mining capacities in iron ore, bauxite, and coal.
- India has an advantage in the cost of production and in conversion costs of steel and alumina.

Foreign Direct Investment (FDI) Policy - India

FDI up to 100% under the automatic route is allowed in:

- Mining and exploration of metal and non-metal ores including diamond, gold, silver and precious ores but excluding titanium bearing minerals and its ores; subject to the Mines and Minerals (Development & Regulation) Act, 1957.
- Coal and Lignite mining for captive consumption by power projects, iron and steel cement units and other eligible activities permitted under and subject to the provisions of Coal Mines Nationalization Act, 1973.
- Setting up coal processing plants like washeries subject to the condition that the company shall not do coal mining and shall not sell washed coal or sized coal from its coal processing plants in the open market and shall supply the washed or sized coal to those parties who are supplying raw coal to coal processing plants for washing or sizing.

FDI up to 100% under the Government route is allowed in:

- Mining and mineral separation of titanium bearing minerals and ores, its value addition and integrated activities.
- Mining and mineral separation of titanium bearing minerals and ores, its value addition and integrated activities subject to industry regulations and the Mines and Minerals (Development and Regulation Act 1957).

Sector Policy

- The Government has amended the Mines and Minerals Development and Regulation Act 1957 (MMDR Act). The amendment removed discretion by instituting auction to be the sole method of grant of major mineral concessions and, thereby bringing in greater transparency. It also provided the much-needed impetus to the mining industry by deemed extension of mining leases. The Salient features of the recent amendments are:
 - Mineral Concessions Grant through Auctions to bring transparency and remove discretion.
 - District Mineral Foundation (DMF) to address the grievances of the people affected by mining and in turn improve the image of the mining industry.
 - National Mineral Exploration Trust (NMET) for incentivizing regional and detailed exploration to fill the gaps in exploration in the country.
 - Mining Leases for 50 years and even the existing leases deemed extended eliminating any renewals for security of tenure.
 - Stronger penal provisions have been put in place to check illegal mining. A penalty of up to (approximately) \$7200 per hectare of the area and jail term of up to 5 years is the probable punishment for illegal mining.
- National Mineral Exploration Policy 2016 announced in July 2016. Around 100 blocks have been identified by Geological Survey of India for auctioning on revenue sharing mechanism for regional exploration to encourage private participation in exploration. The bidders would be protected by way of entitlement for a normative cost in the event unsuccessful outcome after exploration. The mechanism is being formulated in consultation with the stakeholders.

Exhibition Overview

- 9th in the Series - IME 2021 is a leading institutionalized biennial international exhibition of the Mining, Minerals, Metals and Machinery industries in India
- 3 Days High Level 9th Asian Mining Congress with Speakers and Delegates from over 20 Countries, who will visit and interact with Exhibitors
- Concurrent “Buyer Seller Meet” during Exhibition having presentations from Major Industry Players from the Industry
- An Ideal Platform for display and launches of new initiatives, machinery products and technologies, establishing joint ventures, developing and renewing international and regional contacts
- High Level Trade Delegations and Country Level Group Participation expected from Australia, China, Czech Republic, Germany, Iran, Poland, Russia and, UK and USA
- Large participation of leading Mining Equipment & Machinery Manufacturers expected from Asia, Africa, Americas and Europe
- Participation of Minerals Rich India States and PSU's, Large Corporates and Small and Medium Organisations

Concurrent Congress

The 9th Asian Mining Congress will be organised by The Mining, Geological & Metallurgical Institute of India (MGMI). Eminent Speakers from India and abroad will debate, deliberate and exchange views on the key issues of the mining and allied sectors. Over 600 delegates are expected to participate from over 20 countries (full details in separate brochure of MGMI)

Concurrent Buyer Seller Meet

Interactive sessions with coal and allied sector companies, technologies & equipment suppliers and service providers - Buyer Seller Meet will be organized at the exhibition venue. During all the previous editions, it was a great value addition to the event. It is also planned to be held during the 9th IME 2021, with much bigger participation. The Presentation will be made by major players of coal and other mineral sectors, in India.

From Left to Right: H.E. Mr. Andrew Ford, Australia Consulate – General in Kolkata; Mr. Anil Kumar Jha, CMD, Coal India Ltd.; H.E. Mr. Pralhad Joshi, Minister of Coal and Mines & Parliamentary Affairs, GOI
H.E. Mr. Milan Hovorka, Ambassador of Czech Republic in India; Mr. R.K. Saha, Former CMD, Central Coalfields Ltd. and Dr. Amalendu Sinha, Former Director General, CIMFR

Exhibiting Profile

- Coal Producers
- Coal Beneficiation & Mineral Dressing Equipments
- Mining and Construction Machinery Manufactures
- Pumps, Gears, Valves and Compressors
- Power Generation and Transmission
- Material Handling, Logistics and Communication
- Tyres Manufacturers
- Mineral Processing Plants and Equipments
- Lubricants, Greases and Oils
- Automation and Instrumentation
- Diesel Engines & Electrical Engines
- Motors and Generators
- Weighing and Monitoring Solutions
- Mineral Rich State Governments
- Other Minerals and Metals Producers
- Water Treatment Solutions
- Chemicals and Explosives
- Health, Safety & Security
- Components and Spare Parts
- Cement Manufacturers
- IT in Mine Planning & Surveying
- R&D Institutions, Consultants
- Importers and Exporter

Visitors Profile

- Coal Consumers / Producers
- Mining, Logistics, Shipping and Fright Companies
- Policy Makers
- Central and State Sr. Government Officials
- Equipment Buyers & Suppliers
- Fuel Suppliers
- Project Developers
- Entrepreneurs
- Investors, MNC's, Industrialist and Traders
- Importers and Exporters
- Engineers and Professional
- Trade Delegations
- Research Scholars
- Bankers and Financial Institutions
- Legal and Management Consultants
- Chief Executives / Decision Makers
- Consultants
- R&D Professionals
- Academicians
- Foreign Missions
- Industry Associations
- Infrastructure Development Organizations
- IT Companies and Solutions Providers

Stall Options

- **Built-Up / Shell Scheme Booth**
Includes: Wall Panels, Carpet, Fascia in English, 1 Spotlight per 3 sqm., One 5 amp socket per 12 sqm., 1 Counter / Table, 2 Chairs, Basic Electricity for stand lighting, One Expo Directory, General Security, Cleaning of the Stalls
- **Raw Indoor Space**
Includes: Basic Electricity for Stand Lighting, One Expo Directory, General Security, Stalls Cleaning
- **Outdoor Area (recommended for Heavy Machinery Display)**
Includes: General Security, Stall Cleaning, One Expo Directory.

Important note:
Electricity required for Equipment; LED Walls etc. is not included in stall packages, and is mandatory to be ordered extra.

Post Show Report - 8th IME 2019

The recently concluded Eighth edition of IME, "International Mining, Equipment, Mineral & Metals Exhibition" (concurrent with 8th Asian Mining Congress), organized by TAFCON along with MGMI, during November 6-9, 2019, was a grand success, as informed by VVIPs, Delegates, Exhibitors and Visitors.

It aimed to upgrade the future of mining and allied industries in India. This institutionalised event has been envisaged as a catalyst for the development of Mining, Mineral, Metal and allied sectors in India. The prestigious biennial international event of the sector, is one of the largest shows of its kind in this part of the world. The event once again, proved to an ideal platform for the global mining, mineral & metal producers, decision makers, bureaucrats, investors, industry leaders and other key stakeholders of the industry to congregate, display products, exchange technologies, new initiatives, negotiate for mutual business development and forge meaningful partnerships.

The event was inaugurated by Hon'ble Shri Pralhad Joshi, Union Minister of Coal and Mines & Parliamentary Affairs, Government of India on November 6, 2019. Other eminent dignitaries present on the occasion were, H.E. Shri Milan Hovorka, Ambassador of Czech Republic to India; H.E. Shri Andrew Ford, Consul – General, Australia Consulate – General Kolkata; Hon'ble Shri Anil Kumar Jha, Chairman Managing Director, Coal India Ltd & President, MGMI; Hon'ble Shri Sanjiv Chopra, IAS, Chairman, Odisha Mining Corporation; Shri Rajiw Lochan, Honorary Secretary, MGMI; Shri J. P. Goenka, Shri V.K. Arora, Co- Convenors and Shri I.P. Wadhwa, Managing Worker, Tafcon.

High level Trade Delegations and Country Level Group Participation from Australia, China, Czech Republic, Poland, Russia, South Africa, UK, USA and many other countries were a part of this important event. The Exhibition was participated by more than 225 exhibitors from Mining, Equipment, Mineral, Metals and other allied sectors for displaying their equipment, products, technologies, innovative applications and research & development along with large participation from mineral rich states of India such as Chhattisgarh, Jharkhand, Odisha, Rajasthan and West Bengal.

Concurrently, "Buyer Seller Meet" was organized on the second day the event, which witnessed presentations from key stakeholders such as, Coal India, NMDC, Essel Mining, etc. It received an enthusiastic response from India and overseas.

On the third day of the event, Exhibitors Award Function was also organized, wherein Dr. Aboobacker Siqueque P., Secretary cum Commissioner, Directorate of Mines, Government of Jharkhand; Shri Upendra Kumar, Former President, MGMI & Advisor (Coal), Essel Mining & Industries Ltd.; Shri Peeyush Kumar, Director (Technical), Ministry of Coal, Government of India and Shri I.P. Wadhwa, Managing Worker, Tafcon, presented awards to Exhibitors in different categories like International Pavilions, Machinery Display, Innovative Stall Design and Presentation, Large Participation and Outdoor Machinery Display, etc.

Testimonials

Very attractive. Very hopeful of getting more investments in sector with this showcasing...

Pralhad Joshi

Hon'ble Minister of Coal, Mines and Parliamentary Affairs
Government of India

Nicely done. Mega show. Wish you all success...

Aboobacker Siddique P., IAS

Secretary, Mines & Geology, Government of Jharkhand

IME and Asian Mining Congress are important and world renowned events, whose reach and potential regularly attract Czech Republic's mining and extraction companies to find right partners from all over India...

H.E. Milan Hovorka

Ambassador of Czech Republic in New Delhi

Great Exhibition...

Sanjeev Chopra, IAS

Chairman, Odisha Mining Corporation Ltd.
& Principal Secretary (Homes), Government of Odisha

Australia is delighted to be a participant in AMC and IME 2019. India is one of the most important markets for Australian mining equipment, technology and service (METS) companies. I am very pleased that Australia was well represented by many METs producers at AMC and IME this year. They made excellent new business contacts and highly impressed of the business opportunities offered...

H.E. Andrew Ford

Consul General, Australian Consulate - General, Kolkata

Nice presentation. It would go a longway in furthering the cause of mining industry...

Anil Kumar Jha

Chairman & Managing Director, Coal India Ltd.
President, MGMI

We are honoured to be part of this year's IME, the 8th edition. Our experience has been extremely positive and we found the event of significant networking value for engaging prospective investors and for our capital equipment manufacturing industry. Going forward, we would highly recommend attendance of this event, and we look forward to future participation in the same. It is evident that several local and global players are attending this event which enable us to establish contacts that are conducive to growing our industry's footprint in India and abroad...

Ben Joubert

Deputy High Commissioner & Minister Plenipotentiary
South African High Commission

Really appreciate the efforts of TAFCON for organising 8th IME 2019 successfully; their dedication have placed the IME to clinch the very high honours both at National & International forums. Look forward for next edition...

P.K. Sinha

Chairman & Managing Director, Northern Coalfields Ltd.

Compliments on a very efficiently organised fair in ample and spacious premises, which was praised by German exhibitors we talked to. For suppliers of the mining industry participant in IME certainly remains a must...

Dr. Michael Feiner

Consul General of the Federal Republic of Germany, Kolkata

A wonderfully organised exhibition having all that the mining industry needs on display...

U. Kumar

Former CMD, SECL & NCL

Privileged and honoured to attend a well organised and wonderful event. It has set new standards of excellence. Congratulations and best wishes to the organisers...

Amitava Mukherjee

Director Finance, NMDCL Ltd.

Exhibition Venue

New Town Eco Park is an urban park in Rajarhat, Kolkata. The park is situated on a 480 acres (190 ha) plot and is surrounded by a 104 acres (42 ha) waterbody with an island in the middle. The Eco park is located along the Major Arterial Road in Action Area - II of New Town, Kolkata. The park is surrounded by the Kolkata International Convention Centre and the Kolkata Museum of Modern Art on the North, the upcoming Central Business District and International Financial Hub on the east, and existing human settlement of Jatragachi / Hatiara on the South and West.

About Organisers

THE OLDEST INSTITUTE
OF ITS KIND IN ASIA

MGMI

THE MINING, GEOLOGICAL & METALLURGICAL INSTITUTE OF INDIA (MGMI)

MGMI, the oldest institute of its kind in Asia has been promoting the cause of the mineral industry since its inception on 16 January 1906. It has been on the forefront of professional societies in mining and geosciences around the world. MGMI has always provided a forum for sharing experiences and learning of the latest in best practices and technology. The Institute presently has more 3,000 members serving the mining, minerals and metallurgical industry and diversified its valued added activities in various fields. The institute is having its headquarter and one of its branch in Kolkata and 18 more branches throughout the country.

TAFCON

TAFCON PROJECTS INDIA PVT. LTD.

TAFCON is a professionally managed company with over six decades of experience and expertise in organising International Trade Fairs and Conferences in India and overseas, on various subjects namely Mining; Minerals; Metals; Materials; Defence; Heat Treatment; Foundry; Manufacturing; Surface Engineering, Paints & Coating; Packaging; Printing; Environment; Paper; Beauty; Lifestyle; Tot Teen & Mom; Education; Medical & Healthcare; Poultry, Dairy & Food Technology; Travel & Tourism; etc.
